Hello and welcome to krakow poland. [music]. [music]. I think we're starting our guide strong. With this hidden gem it's a coffee. Rooftop restaurant terrace on the sixth. Floor of a music academy there's no sign. For it on the door so we were lucky to. Find it a perfect view the weather's not. Really on our side but if you come here. On a sunny day i think it will be. Perfect and you can even get some food. And some drinks at the bar. Krakow is a beautiful historical city. Full of culture and cool places that. We're about to show you we walked. Everywhere and everywhere we went we. Could just tap with our cars so you. Don't need to worry about exchanging. Currency because in poland they use. Polsky zloty speaking of that krakow is. Very reasonably priced in terms of the. European standards but let's stop. Talking about this stuff and let's go. Discover some cool spots. If you want to get a good donut in croco. For breakfast you got to look for dobra. Patzkarna which means good donut place. Uh there's multiple of them around the. City one is also on the royal way and we. Couldn't resist and got one with. Chocolate and nuts. For seven zloty so i'm gonna be the. Judge if it's good or delicious. Beyond good. I have filler everywhere. And i'm really happy. We are on the outskirts of the old town. Of krakow which you can tell by this. Little fortress barbican that served to. Protect the city and there's a legend. Which that board says that there was a. Citizen of krakow and he was protecting. The city and when he ran out of ammo he. Actually used a button from his shirt to. Shoot who the person that was attacking. The city and you can see i'm also. Missing a button. I guess that's how he did it. Gotcha. I think the rule or the tip how to find. An iced coffee in an old town in europe. Is simply that you look inside a. Building if the door is opened and if. You see a light at the end of the tunnel. Most likely there is a little courtyard. Inside and usually. There is a nice coffee place so that's. Exactly what we did and found this cafe. Which is very lovely and if i would live. Here this would be my place to go to. If you happen to be on the main square. In krakow on the full hour you will hear. A melody being played by a trumpetest. From the church tower

it was used back. In the days to signal that they should. Either open the gates in the morning of. The old city or close them but when you. Hear the melody now it doesn't finish it. Suddenly cuts off and the reason for. That is to commemorate a moment when. This guy was playing a trumpet but. Somebody was attacking the city and they. Shot him in a neck with the arrow so he. Couldn't finish the melody. It's a legend i kind of like it but i. Also found a different story that i like. Much more and that says that he was. Playing part of the melody saying close. The gates and then at the gates they. Would finish the melody to say we got. Your message and we closed the gates i. Like the second story much better but i. Leave you to decide which one's better. There's one street food here in krakow. That i was looking forward to try and. That is. Annek which i heard is a mixture of. Bagel and a pretzel two things that i. Absolutely love uh it is here on every. Corner sold from these tiny little. Stands for 2.5 zlotys. So i will sample it. It tastes exactly what you would think. From a mixture of a bagel and a pretzel. Which is really good. [music]. So this is the tower of the old city. Hall you cannot see the city hall. Because it's been destroyed but there's. A model where you can see what it looked. Like and you can actually climb the. Tower for free on mondays which is what. We just did but if your expectation is. That there's a balcony that you can walk. To unfortunately there's not so you can. Only look out through the window but the. Biggest experience i believe is the. Staircase up to the top. [music]. In the middle of the main square is this. Hall which is a cloth hall cloth market. Or it used to be nowadays it's mostly. Just tourist souvenirs but if you follow. The simple rule and look up at the. Ceiling and on the walls you will see. Coat of arms of all the polish cities. Which is kind of a nice exhibition and. If you fancy more of exhibition or a. Museum you can go to the upper floor. Where there's a museum some paintings on. Display on permanent exhibition. [music]. [applause]. We're at a place called bottomless which. Is a tray table tray uh style cafeteria. Where they serve local polish food and. It's a mixture of local students. Tourists and workers and we of course. Got the polish pierogi which i'm very. Much looking forward to and some salad. Food's definitely not colorful

so may. Not look good on camera but let's not. Judge it by the looks but let's judge it. By the taste and price wise it was very. Cheap. [music]. I love this kind of thing so. I think it's great. [applause]. I love how as we're walking through the. City of krakow there's like so many. Restaurants with michelin stars but we. Just picked this one i like that. [music]. One of many popular stops here in krakow. Is this babel dragon behind me that. Breathes fire. I mean fire breathing dragon does your. City have that. Also a side note there's a lot of. Pigeons in krakow and i wonder how many. Times they get roasted up there it has. To happen. [music]. After we walked a bit through the old. Town and eventually we walked up to the. Castle and around there we crossed the. River to this place we're on the. Riverside and this weird looking. Building behind me is halaforum it used. To be a hotel not anymore it was. Abandoned for many years and now they. Turned it into a place where a lot of. People meet there's food hall there's. Beers there's coffee there's sweets. There's multiple choices of food and we. Were here last night and it was. Absolutely perfect not only you can. Chill here and have a perfect view of. The castle but if you're into some. Bizarre stuff you can also take a ride. On the krakow eye or fly in this hot air. Balloon that is hanging here on this. String neither of these things interest. Me so i'm just gonna grab something here. And sit down. By the way when i said that this was a. Hotel and you're thinking like i wish it. Was a hotel so i could stay on the river. With the view well you still can because. They made this here and it's a hotel you. Can stay in on the river and look over. The castle and i believe they call it. Vottel because it's water hotel. [music]. This behind me looks like a regular hill. But it is actually man-made and it is. Named krakus mound after the founder of. Krakow the king krakus it is surrounded. By mystery they do know it was man-made. They actually dig the holland in the 30s. To found artifacts from the 8th century. All i know is that once you climb up. There's a great view of the city so you. Should do it as well. [music]. I guess i don't need to point out that. Krakow is a city full of history and. Especially history during the second. World war is important to mention here. We've just been to uh the remainings of. The ghetto wall

because there was a Jewish ghetto here during the second. World war but there was also this. Factory that is still here and it's. Oscar schindler's factory if you haven't. Heard the name which i doubt i suggest. You look him up he's a man who saved. Hundreds of lives during the second. World war by employing them in his. Factory it is now turned into a museum. So if you happen to be here you can. Visit or if you just want to learn more. From behind your computer and you have. Not seen the film schindler's list which. I doubt again but uh still you should. Definitely watch it. We will go to the building next door. Because the building next door is mozak. Which is the museum of contemporary art. Of krakow so let's discover that. [music]. I understand that if you're a younger. Age you may say like contemporary art. Yannick i'm not gonna go see that i'm. Like more of a gamer i'd like to play. Some need for speed on my computer need. For speed yeah they have that here too. [music]. And this kit. Is a life-size crossword puzzle. Bring me a big pen. This was the modern part of art in. Krakow but we can go deeper into history. [music]. We're inside the chatriski museum and. They have a nice coffee place here nice. Bridge in the interior and the interior. Itself is very nice and also there's. Free entrance on tuesdays none of these. Things will probably lure you in but if. I tell you that they have leonardo da. Vinci's lady with an ermin i'm pretty. Sure you will step in to take a look at. It. [music]. This is our kind of place we're at idlo. Dynam pustaship honza got pirogin i got. Something called krakowska. Whatever. It's a it's a bun filled with meat with. Sauce i got okurek which is a pickle and. We are more than happy a little slice of. Heaven in this hidden gem. [music]. If there's one museum that you have to. Visit in krakow it's this museum of. Arcade games yes it's a museum because. They do have games from 1970 1978. That old space invaders really cool but. They have games that are much cooler. Than that you can drive a truck you can. Be in a star wars fight you can destroy. The death star you can ride on a. Skateboard and you can literally fight. Your friend we just played a japanese. Game with honza it was actually banned. In united states as people were. Literally fighting and we both. Absolutely love the game so come here. All the games

are for free because you. Pay for the entry and then you can play. As much as you want and you can see how. Excited i am about this really cool spot. [music]. We're in a district of krakow that's. Called casimirs and it's a very cool. Hype district with some cool bars pubs. Cafes there's always people sitting. Outside so i'm very sure you will find a. Place that will suit you because it is. Filled with cool places. We are inside an old synagogue which you. Can tell by the hebrew writing here and. Also by the space but you can also see. That it's not a synagogue anymore it's a. Bar that is absolutely amazing looking. They serve czech beer from a tank so we. Can only recommend you to visit and the. Space is really something also honza. Pointed out the cool clock above the. Entrance. We are on plazanovi and if there is one. Food i was looking forward to try here. In krakow it's zapier. And this building here in the middle of. The square is full of little halls in. The walls which only serves zapier each. One is different and we were here. Yesterday with girls that were taking us. Around they said we have to go to this. One it's the best one but the other girl. Said i think they're all exactly the. Same well there's like 12 different. Choices so when you're here with more. Friends you can each try different one. They go around. Range from 10 to 20 zloty so the price. Is very reasonable and they're quite big. So our recommendation is to cut it in. Half we shared one with honza and we. Were very full and very very happy. We are inside the craco phil harmony uh. Excuse my dress i'm still a youtuber and. We happen to be here just in time for. The krakow film music festival these are. The guys who actually invited us to. Krakow and i would like to invite you as. Well for this festival you're probably. Not going to make it in time for. Tonight's concert but you can make it. Next year we will put a link to this. Event in the description of our video. And i think we're about to start so i'm. Going to sit down and listen to some. Music. [music]. [applause]. [music]. We have made this video together with. The city of krakow they invited us more. Specifically their cultural district so. I hope we gave you enough tips to lure. You in or at least to get you interested. As i always say we are not locals from. Krakow we're locals from prague so the. Tips were based on our friends uh on. Tips

from you and also the locals that. Live here if you want to full list of. The tips that we gathered you can go. Below in the description we'll put a. Link to a map and if you are a local. Living in this beautiful city and you. Want to add something to our list please. Do so by writing it in the comments. Below so if you are a traveler and you. Want to see more tips from locals they. Will be below in the comments on a. Personal note i do love discovering new. Cities this was the first visit for me. In krakow and i absolutely loved it and. I cannot wait to come back and to enjoy. The tips that we shared with you today. And that it was my pleasure to discover. Them on our own so i hope to see you. Somewhere around the world in europe in. Krakow in prague or next week on our. Channel where the honest guides which is. Honza and yannick see you next week. [music]. And in the end i'm going to teach you a. Polish saying or sentence and that's how. To say if you don't understand something. If a poll doesn't understand something. If it's foreign to him he will say it's. Like a czech film for me chesky film. So if they simply don't understand like. Oh it's like cesky film for me and since. I'm czech i find that very funny it's. Not more a language barrier it's like. It's just confusing. That's cesky film.
